### Parent/Guardian/Student Handbook Acknowledgement

In an effort to promote a better understanding of Stephenson Area Public School rules and expectations, parents and students will be asked to review and sign a form acknowledging they have reviewed the handbook.

This handbook may be amended during the year without notice. This handbook in the latest version is applicable to all students upon the implementation of any change. The administration will notify all parents/guardians and students of any changes to the handbook. The current handbook is available on the District's website ([stephenson.k12.mi.us](http://stephenson.k12.mi.us)).

### General School Information

This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures. The Board's comprehensive policy manual is available for public inspection through the District's website ([stephenson.k12.mi.us](http://stephenson.k12.mi.us)) or at Central office, located at:

Stephenson Area Public Schools – Central Office  
W526 Division St.  
Stephenson, MI 49887

### Announcements

Announcements will be read daily and can be accessed through the SAPS web page. Announcement requests must be emailed to the Main Office **NO LATER THAN 3:00 PM** the day before the announcement is to be made. All announcements **MUST** be approved by the class advisor – students may not put items in the announcements. Only **EMERGENCY** announcements will be made throughout the school day. Announcements, posters and notices to be placed in the hallways must first be approved by an administrator.

### Community Outreach

As a service to the community, Stephenson Area Public Schools has an automated phone service. In the event of school closures, emergencies or other important information, this service will generate an automated phone call. This call will go to the contact number listed in PowerSchool. Please make sure that all contact information is up to date with the office.

Periodically, parents/guardians will also receive email newsletters and other correspondences. This will be sent via ParentSquare to the email listed in PowerSchool. Please make sure that information is up to date with the office.

### Schools of Choice

The Michigan legislature under the 1996-1997 School Aid Act (SB 851, 1996) permits school districts to accept for enrollment non-resident students residing within the same intermediate school district (ISD). The Stephenson Area Public School District will accept applications from non-resident students based on available space. For additional information contact the Superintendent's Office.

## Lockers

Lockers are available for all students. Students should place only their belongings in their own lockers. Money and other valuables should not be kept in lockers at any time. The school is not responsible for Lost or stolen property. Lockers are the property of the school and are assigned for students' educational needs and use; they may be searched and/or inspected at the discretion of administration. All lockers are provided with school locks at no cost. Students may not use their own personal locks to secure their lockers. Damage to the locker or the cost of cleaning a locker will be assessed to the student assigned to the locker.

## Visitors

All visitors, including parents/guardians and siblings, are required to enter through the front door (Railroad Street) of the building and proceed immediately to the Main Office. Visitors should identify themselves and inform office personnel of their reason for being at school. Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location that they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the Main Office and sign out before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct his or herself in an appropriate manner will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

### **24/7 Tobacco-Free Schools Policy**

In keeping with its mandate to protect Michigan students and foster effective learning environments, the Michigan State Board of Education strongly recommends that schools institute local smoke-and-tobacco-free schools policies that **prohibit all tobacco use in all school-related situations, 24 hours per day, seven days per week, and 365 days per year.**

Tobacco use is a danger to everyone, capable of killing and disabling both those who use the product and those who are exposed to others' use. It can be immediately life threatening for those who have asthma and other respiratory illnesses. Because the danger of tobacco use is now so well known, the majority of Michigan residents are protected by family policies that ban tobacco smoke in their homes. It is therefore reasonable to assume that most Michigan families do not want their children exposed to tobacco in school.

In addition to being a deadly health hazard, exposure to tobacco has demonstrated negative effects on school performance. Research suggests that exposure to tobacco smoke is related to cognitive deficits, even at extremely low levels of exposure. Analysis of the Michigan Youth Risk Behavior Survey results indicates that students who are low-performing in school are twice as likely to use tobacco and ten times more likely to smoke heavily than high-performing students. Tobacco use and exposure also interfere with school attendance, decreasing opportunities for learning for those who use tobacco, as well as for those with respiratory illnesses.

Research also suggest that school health policies prohibiting tobacco use, when consistently enforced, can curb youth smoking both on and off school premises. This Policy on 24/7 Tobacco-Free Schools builds on existing State Board of Education policies including the Policy on Coordinated School Health Programs to Support Academic Achievement and Healthy Schools, Policy on Comprehensive School Health Education, and Policy on the Management of Asthma in Schools.

#### **Stephenson Area Public Schools 24/7 Tobacco -Free Schools Policy is outlined below:**

- 1) Stephenson Area Public Schools **prohibits all use of tobacco products.** Research suggests that young people are strongly influenced to use tobacco by the role modeling of adults and peers. The research is also unequivocal that tobacco smoke results in serious, ongoing health problems for children and adolescents. Schools should therefore prohibit the use of any tobacco product in all school-related situations, by any person, at any time, in any location, and at any event. **Stephenson Area Public Schools 24/7 Tobacco-Free Schools Policy** prohibits the use of all types of tobacco on all school property and at all school sponsored events and functions on or off campus, by all people (including students, employees, visitors, contractors, delivery drivers, etc.).
  - a) **“Any tobacco product”** includes but is not limited to, **cigarettes, cigars, spit tobacco, snus, snuff, chewing tobacco, pipe tobacco, waterpipe, vapor product, electronic smoking device, heated tobacco product.** Tobacco products include all products deemed to be within the regulatory

authority of the US Food and Drug Administration Center for Tobacco Products in 21 U.S.C. 387 through 387u.

- b) **“Any person”** includes **students, staff, visitors, all groups using school property, and any other persons**. Because the State Board of Education believes that public education’s responsibility extends to the health and learning of all students, alternative and vocational programs are included in this prohibition.
  - c) **“Any time”** means **24 hours per day, seven days per week, and 365 days per year**.
  - d) **“Any location”** includes **the school’s property, grounds, buildings, and vehicles, even when school is out of session or the event is sponsored by another organization**.
  - e) **“Any event”** includes **all school-sponsored events, whether on or off school property**.
- 2) Stephenson Area Public Schools 24/7 Tobacco-Free Schools policy prohibits tobacco advertising or promotion. Studies suggest that tobacco advertising and promotion, influence tobacco use. Schools should therefore prohibit tobacco advertising or promotion:
    - a) On signs
    - b) On clothing such as T-shirts, caps, or bags.
    - c) Through sponsorship of school events.
  - 3) Stephenson Area Public Schools identifies the responsibility of the school administrator to:
    - a) Communicate this policy verbally to students, staff, family members, and visitors, at school events, through signage, and in the student code of conduct.
    - b) Develop and implement procedures for consistent and fair enforcement.
    - c) Develop educational alternatives to suspension.
    - d) Treat violators who are students or staff with disciplinary action in the same magnitude and manner as violations of other school policies.
    - e) Ensure that visitors who violate the policy discontinue using the tobacco product or leave the premises.
    - f) Include the expectation that the prohibition will be enforced in contracts with outside groups who use the school building.
    - g) Coordinate with local law enforcement of the Youth Tobacco Act and the Michigan Penal Code related to tobacco use.
  - 4) Stephenson Area Public Schools 24/7 Tobacco-Free Schools Policy encourages and helps students and staff to quit using tobacco. Nearly 46 percent of students who are current smokers have tried to quit smoking in the past year. Smokers who quit before age 30 will undo much of the health damage caused by tobacco use. Schools should therefore provide access to developmentally-appropriate cessation programs and/or information about community cessation programs.
  - 5) Stephenson Area Public Schools 24/7 Tobacco-Free Schools Policy builds on existing Board policies related to coordinated school health programs, comprehensive school health education, and management of asthma.

## Animals

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a disability. This rule prohibiting animals on school property may be temporarily waived by an administrator in the case of a unique educational opportunity for students, provided that: (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

### Rollerblades, Skateboards, Etc.

Students shall not use or possess rollerblades, roller-skates, skateboards, scooters or other similar devices on school grounds at any time, whether during or after school hours.

### Loitering

Loitering is considered staying on school property without direct supervision of a staff member. Loitering on school property will result in detentions and can result in the police being called to arrest violators

### School Volunteers

All school volunteers must complete the “Volunteer Application Form” and must be approved before assisting at the school. A background check is required. For school-wide volunteer opportunities, please contact a school administrator. Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

### Emergency School Closings

In case of bad weather and other local emergencies, please listen to local radio or television stations to be advised of school closings or early dismissals. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. For your convenience, a call will be sent to the phone number we have on file. It will also be shown on the school website. Please do not call school officials to inquire if school will be in session.

For your child’s safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions may be cancelled at the discretion of administration.

### Video Monitoring Systems

A video monitoring system may be used on school busses and a video monitoring system may be used in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on video, that recording may be used as the basis for imposing student discipline. If criminal conduct is recorded, a copy of the recording may be provided to law enforcement personnel.

### Accommodating Persons with Disabilities

Persons with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Persons with disabilities having questions about accessibility or needing accommodations should contact the superintendent or school administrator. Notification of the need for accommodation should occur as far in advance as possible of the school-sponsored function, program, or meeting.

### Student Fundraising

Fundraising activities by school organizations must be approved in advance by a school administrator. Organization sponsors assume the responsibility for supervising the project, accounting for funds, making reports, and any other details involved in the project.

## CHAPTER 2 – ATTENDANCE, PROMOTION & GRADUATION

### Attendance

There is a direct correlation between academic achievement and regular, prompt attendance. A student's success in school and future career activities depends on positive attendance habits. Regular and consistent school attendance helps to develop responsibility and self-discipline; it also prepares students for the world of work. The attendance policy is in place to promote and encourage positive attendance habits for each student.

Missing school on a regular basis can have a large impact on the student's learning as indicated below.

If the student misses...	That equals...	Which is...	And over 13 years of schooling, that's...
1 day every 2 weeks	20 days per year	4 weeks per year	Nearly 1 ½ years
1 day a week	40 days per year	8 weeks per year	Over 2 ½ years of school
30 minutes per day	Half a day per week	4 weeks per year	Nearly 1 ½ years
10 minutes per day	50 minutes per week	1 ½ weeks per year	Nearly ½ year

Extreme absenteeism can influence a student's grade and earning of credit. It is considered excessive for any student to be absent more than twelve (12) times per semester, whether excused or unexcused. At this point the student may be referred to the truancy officer. An absence is defined as missing ten (10) minutes or more of any class period.

Students are expected to be in school and on time to class **every day**. Students should be fully aware that the interactions in the classroom constitute a valid and critical part of the coursework. They cannot be duplicated. Students should be attentive and prepared with proper materials to be actively involved in the class.

Every effort should be made to schedule routine appointments after school hours. Family vacations should be planned during holidays outlined on the school calendar. A trip slip is required prior to a planned vacation of two (2) or more days if the student wishes to receive credit for missed work.

### Definition of Absences

There are four (4) general categories of absences: excused, school-related, unexcused, and suspensions.

#### 1) **Excused**

- a) These include illness, health appointments, funerals or other issues deemed important enough to miss school. Students who have appointments during lunch may be required to provide appropriate documentation explaining the reason for the student's absence.
- b) Prearranged absences are those absences that cause a student to miss three (3) days or more in a row. Parents/guardians are **discouraged** from excusing their children from school for trips. A student who wishes to take a planned vacation of three (3) or more days will be excused if: (a) A request is made at least five (5) school days before the trip. (b) A trip slip is signed by the parent/guardian AND an administrator. (c) This form is returned to the attendance office before leaving on the trip. (d) Student shall promptly turn in missed school work upon their return to receive credit for work missed.

- c) Observance of religious instruction and/or holidays. The student's parent/guardian must give written notice to an administrator at least three (3) calendar days before the student's anticipated absence(s).
- d) The school may require documentation explaining the reason for the student's absence. If a student's absence is excused, he/she will be able to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers.

## 2) Absences that are school-related

- a) There are field trips, athletic contests, or any other activities that are required for class work, club participation, or team participation for which a student must miss regularly scheduled classes. Students must have written parental permission for field trips. Students are also responsible for obtaining assignments or arranging for make-up work with their teachers prior to leaving on a trip. When students attend extracurricular events or field trips, they are expected to be in school on time the next morning with work completed as agreed upon with the teacher.
- b) Students will not be allowed to miss the same class more than two (2) times during the week for school-related activities. The only exception is when the activity is for more than two (2) consecutive school days. Students who miss several days of school due to excused or unexcused absences may be held from leaving school for an activity.

## 3) Absences that are unexcused

- a) Leaving school during the school day without permission or without properly checking out in the main office.
- b) Skipping class, leaving for more than ten (10) minutes of any period or without the permission of the teacher.
- c) All other absences not listed specifically as excused absences.
- d) Administration has the authority to deem the absence excused or unexcused. The fact that a parent simply calls in to report an absence does **NOT** automatically excuse the absence.

## 4) Suspensions

Suspensions are counted as **excused** absences. Suspensions are an absence for disciplinary reasons. Work may be made up during the period of suspension at full credit, but must be turned in immediately upon the student's return to class.

## Tardies

Students are allowed a four (4) minute passing period between classes. Tardiness to class impedes students' and teachers' ability to effectively begin a lesson and disrupts others' learning. In each class, the third unexcused tardy per marking period and each successive three (3) tardies will be subject to disciplinary action. Tardiness to school in the morning will be handled in the same fashion as tardies to all other class hours. Tardiness of ten (10) minutes or more may be dealt with as an unexcused absence for the period. Excessive tardiness (6 or more and each successive) will be treated as insubordination and result in disciplinary measures.

## Absence Procedures

**Notify the office.** When a student is absent from school, the parent/guardian shall call the attendance line as soon as possible (preferably by 8:00 AM on the day of the absence) but no later than the next school day after an absence occurs. If no contact is made within five (5) school days of the absence, the absence will be considered unexcused. It is the students and parents/guardians' responsibility to check the accuracy of PowerSchool attendance on a regular basis.

## Checking In and Out of School

All students leaving must sign out in the office, receive permission beforehand and double-check with the secretary to ensure that a parent/guardian has called to excuse the absence. Failure to sign out properly will result in an unexcused absence. The same procedure holds true for students who are returning from a previous appointment. All students are required to check-in with the main office to secure a pass to class and to credit the absence as excused or unexcused. The school, acting in loco parentis, requires all students regardless of age unless living on their own, to obtain parent/guardian permission before signing out of school. Emancipated minors must receive administrative approval before signing out of school.

## Michigan Law Attendance Requirements

Michigan law requires that whoever has custody or control of any child between ages six (6) and eighteen (18) (*unless the child has already completed high school graduation requirements*) shall assure that the child attends public school during the entire school year. Michigan law requires that the student's attendance be continuous and consecutive for the school year fixed by the school district.

Students who are over compulsory attendance age, and who are absent without a valid excuse for ten (10) or more consecutive days, will be dropped from enrollment. Students who have been dropped and have not attained the age of eighteen (18), or whose class has not graduated may return to school within five (5) school days of the beginning of a semester.

A student upon reaching eighteen (18) years of age has reached adult status according to Michigan law. Obtaining adult status **does not exempt** the student from school policies and rules. If a student reaching the age of eighteen (18) wishes the age of majority status, it is his/her responsibility to pick up the appropriate form in the office, sign it, and return it to the office. Proof of age of majority must be made by the driver's license or birth certificate. See "Age of Majority (p. 71)."

### **\*\*All School Rules Apply to All Students Regardless of Age\*\***

Michigan law includes the following exceptions to the mandatory school attendance requirement:

- 1) The parent/legal guardian of a child who is at least sixteen (16) has provided to school officials a written notice that the child has the permission of the parent/guardian to stop attending school.
- 2) The child is attending a state approved nonpublic school, which teaches subjects comparable to those taught in the public schools to children of corresponding age and grade.
- 3) The child is less than nine (9) years of age and does not reside within 2-1/2 miles by the nearest traveled road of a public school. If transportation is furnished for pupils in the school district of the child's residence, this subdivision does not apply.
- 4) The child is age twelve (12) or thirteen (13) and attends confirmation classes conducted for a period of five (5) months or less.
- 5) The child is regularly enrolled in a public school while attending religious instruction classed for not more than two (2) class hours per week. Off public school property during public school hours, upon written request of the parent/legal guardian.

- 6) The child is being educated at the child’s home by his or her parent/guardian in an organized educational program in the subject areas or reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar.

**Truancy**

A parent or other person in parental relation who fails to comply with the Michigan Compulsory School Law is guilty of a misdemeanor, punishable by a fine of not less than \$5.00 nor more than \$50.00, or imprisonment for not less than two (2) nor more than ninety (90) days, or both.

**Attendance Incentive Policy**

Regular attendance in class directly affects learning and teaching. In order to encourage regular attendance, the following incentives for good attendance will be instituted.

Any student who has met ALL of the following requirements in a class will be permitted to be exempted from the semester final exam for that class:

- 1) Three (3) days or less total absences in that class. Students that miss more than three (3) days of that class due to illness may qualify for an exemption if they have a doctor’s note; and
- 2) No unexcused absences: and
- 3) No suspension days (in or out of school); and
- 4) Has not been tardy more than twice per semester; and
- 5) Has attained passing grades both marking periods.

However, all students must take a minimum of three (3) exams per semester

Tardy means the student is not in the classroom when the tardy bell rings and class begins.

**\*Note:** It is to be understood that this is an incentive program which includes privileges and rewards, not rights. No exceptions are to be made for not meeting the required criteria. It is the students’ and parent/guardians’ responsibility to check the accuracy of PowerSchool attendance on a regular basis.

\*\*\*Attendance records **CANNOT** be changed to meet the incentive requirements.

**Grading and Promotion**

Grade	GPA	%	Grade	GPA	%
A	4.000	93-100	C+	2.333	77-79
A-	3.667	90-92	C	2.000	73-76

B-	2.667	80-82	D	1.000	63-66
			D-	0.667	60-62
			F	0.000	0-59

Grades can be viewed on PowerSchool or the parents/guardians can request a report card be sent home after each quarter. Contact the office to obtain PowerSchool login information for both the student and the parents/guardians. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other assessments.

Final grades are based on the percentage earned each quarter and semester exam. The final grade will be computed as follows: 40% for each quarter and 20% for the semester exam. In some instances, a credit/no credit could be given for a course at the administrator's discretion.

### Honor Roll

Honor rolls will be published for each marking period. The honor roll is divided into three (3) levels: High Honors (all A's, 4.0), Honors (3.5 plus), and Honorable Mention (3.0-3.5) Any grade below C eliminates the student from any honor roll. Grade point averages are computed on the above listed values.

### Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

The requirements and grading procedures for each course will be explained by the teacher at the beginning of the course. Tests, exams, homework, and other assignments are determined by the teacher.

Progress is continuously available for parents/guardians to monitor through PowerSchool. Parent-Teacher conferences will be held periodically to communicate with parents/guardians. Students and parents/guardians are encouraged to confer with teachers regarding work and progress as concerns and needs arise. If there is a concern regarding an assignment or grade, the student or parent/guardian should arrange to discuss the concern with the teacher. If the matter is not satisfactorily resolved, an appointment may be made to confer with an administrator.

### Late Work Policy (Grades 6-12)

All work is due on the assigned due date. Work, with the exception of daily work and exit tickets, may be taken up to five (5) days late at the discretion of the teacher with the following deductions in points.

Days late	Percentage of original points possible
1	90%
2	80%
3	70%
4	60%
5	50%

*Example: Student turns in a 100-point project two (2) days late. The teacher grades the project per the rubric and the student earns 90 points on the project. The grade is then 80% of 90. Therefore, the student's grade is 72 points on the 100-point project.*

Students who miss work due to an **excused** absence should turn in the work upon their return to school for full credit. Students who miss quizzes or tests will be required to schedule a make-up time with the teacher upon returning to school. All make-up quizzes and tests should be completed within three (3) school days of returning to school for full credit.

Students who miss work due to an **unexcused absence will follow the late work policy listed above.**

If circumstances arise that cause a student to get behind on their work, the student should meet with the Student Success Coordinator. The Student Success Coordinator will work with the teacher and student to develop a plan to get the student back on track.

Students who miss class due to a school-related activity, including sports and club events, are responsible for obtaining assignments or making arrangements for make-up work with their teachers prior to leaving for the event. If arrangements are not made, teachers will follow the above late work policy for all work.

### Dual Enrollment

High school credit may be granted to students who successfully complete a course of instruction offered by an eligible postsecondary institution. The following requirements apply to such courses of instruction:

- 1) Application and admissions to the postsecondary institution are the responsibility of the student.
- 2) To receive high school credit for the successful completion of postsecondary institution coursework, the student must obtain prior approval from an administrator. Approval will be based upon the following factors:
  - a) Qualifying standardized scores (e.g. Compass, Accuplacer, ALEKS, PSAT, SAT)
  - b) Student must be on track for graduation
  - c) Minimum cumulative high school grade point average of 2.5
- 3) Computation of high school credit for postsecondary institution coursework will be based on the following formula: 3 to 4 college semester hours equals one (1) unit of high school credit.
- 4) Upon validation from the issuing postsecondary institution, the student's credit and grade will be recorded on the student's high school transcript. The grade earned by the student shall be included for any purpose in the computation of the student's grade point average or class rank. Students may opt out of receiving high school credit for a college course. Those college grades will not affect the student's grade point average or class rank.
- 5) The student is responsible to have the postsecondary institution report the student's grade and credit to a school administrator within thirty (30) days from the end of the semester.
- 6) Tuition and fees for the course(s) will be paid by the school district for eligible students only in accordance with the requirements of the Postsecondary Enrollment Options Act, the Career and Technical Preparation Act and Sections 21b of the State School Aid Act.
- 7) Students that fail or withdraw from dual enrollment courses will be responsible for reimbursing the school district for all related costs including tuition. A student who successfully completes a dual enrollment course may receive credit at both the college and high school level.
- 8) Students are responsible for following the postsecondary institution's calendar.

### Credit for Alternative Courses and Programs

Students should not assume that the credit opportunities described below will always result in earned credit towards graduation or course prerequisites. Students should first discuss the matter with the school administrator.

### Early Middle College

Stephenson Area Public Schools offers a 5th year early middle college program. Students who choose to participate can earn a technical certification, an Associate's degree, or just start taking college courses through the school. To be eligible students must:

- 1) Currently in grades 9, 10, or 11.
- 2) Apply for program by October 1 of their Junior year.

## Virtual and Distance Learning

Virtual learning is completed through a computer-based internet-connected learning environment and may be offered at a supervised school facility during the day as a scheduled class period through distance learning, or through self-scheduled learning where students have some control over the time, location, and pace of their education.

A student enrolled in virtual or distance-learning courses may receive credit for work completed, provided that the course meet **ALL** of the following requirements:

- 1) Is capable of generating a credit or grade.
- 2) Is not a course in which the student has previously gained credit.
- 3) Is taught by a teacher who holds a valid Michigan teaching certificate (and who) is responsible for determining appropriate instructional methods for each pupil, diagnosing learning needs, assessing pupil learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.
- 4) An administrator must approve the course **in advance** of enrollment.

Students may be limited as to the number of distance learning courses they can complete. Grades earned in approved distance learning courses count toward a student's grade point average, class rank and eligibility for athletic and extracurricular activities.

## Online Credit Recovery Courses

A student may enroll in online credit recovery courses and may receive credit provided:

- 1) The course is given by an approved institution
- 2) An administrator approves the course in advanced
- 3) The course is required for graduation

## Career Tech Ed Programs (CTE)

CTE programs, such as Health Occupations, Auto Mechanics, Machine Trades, Hospitality and Food Service, Teacher Cadet, Business and Welding, will be offered to Juniors and Seniors whenever possible. Classes may be held at off-campus locations.

Students are allowed to drive to CTE with signed parental consent and administrative approval. No other students are permitted in the vehicle. Violating this policy will result in the suspension of driving privileges.

Parents are encouraged to call the K-12 office for more information.

## Exchange Programs

An exchange student will be granted a diploma if he or she completes the criteria for graduation established by the State of Michigan and the School Board. The board may grant a certificate of attendance to exchange students.

District students will receive high school credit for foreign exchange courses that meet the criteria established in the curriculum and that are approved by a school administrator. International study course work not meeting district requirements may be placed in the student's permanent record and recorded as an international study experience.

### Alternate Credit Opportunities

High school credit shall be granted in any course to a student enrolled in high school but not enrolled in the course who exhibits a reasonable level of mastery of the course's subject matter as outlined below:

- 1) The student will be granted high school credit by attaining a grade of not less than a 77% in the final examination in the course.
  - a) A final examination is a comprehensive examination which addresses all components of the course curriculum
  - b) A non-comprehensive examination that is offered during the time set aside for final examinations is not considered a "final examination" for purposes of obtaining credit through the testing process.
  - c) No final examination will be created solely for the purpose of providing a student with an opportunity to test out of the course.
- 2) In lieu of a final examination in the course, the student may be granted high school credit by exhibiting that mastery through the basic assessment used in the course, which may consist of a portfolio, performance, paper, project, or presentation. The course teacher and school administrator will determine the assessment criteria to determine if the student has exhibited a reasonable level of mastery of the course's subject matter.
- 3) Credit earned under this policy section shall be based on a "pass" grade and shall not be included in the computation of the student's grade point average for any purpose.
- 4) Credit earned under this policy section shall apply equally to all students and may be counted towards graduation.

### Foreign Language

A student who has demonstrated proficiency in a foreign language outside of a public or private high school curriculum shall be granted credit. Proficiency may be demonstrated by a competency test or other criteria established by the Board. The amount of credit will be based on foreign language proficiency achieved.

### Homebound and Hospital Instruction

A student who is absent from school for an extended period of time, or has ongoing intermittent absences because of a medical condition, may be eligible for instruction in the student's home or hospital. For information on homebound or hospital instruction, contact a school administrator.

Personal curricula are subject to school approval, as provided in state law. If all of the requirements for a personal curriculum are met, then a high school diploma may be awarded to a student who successfully completes his/her personal curriculum even if it does not meet the requirements of the Michigan Merit Standard.

### **All of the following apply to a personal curriculum:**

- a) The personal curriculum shall be developed by a group that includes at least the student, at least one of the student's parents/guardians, a teacher, a school administrator and/or another designee qualified to act in a counseling role and selected by the school administrator. In addition, for a student who receives special education services, a school special education instructor will be included in this group. The teacher included in the group developing the personal curriculum will be a teacher who is currently teaching the student, who currently teaches in or whose expertise is in the subject area being modified by the personal curriculum, or who is determined by the school

The student must successfully complete at least one (1) math credit during his/her final two (2) years of high school enrollment.
- h) The social science credit requirements may be modified as part of a personal curriculum only if all of the following are met:
  - i) The student has successfully completed two (2) credits of the social science credits, including the civics course.
  - ii) The modification requires the student to complete one (1) additional credit in English language arts, mathematics, or science or one (1) additional credit in a language other than English or to complete a formal career and technical education program.

- j) The visual arts, performing arts, or applied arts credit requirement may be modified as part of a personal curriculum only if the modification requires the student to complete one (1) additional credit in English language arts, mathematics, or science or one (1) additional credit in a language other than English or to complete a formal career and technical education program.
- k) If the parent/guardian requests as part of the student's personal curriculum a modification of the Michigan Merit Standard requirements that would not otherwise be allowed under this section and demonstrates that the modification is necessary because the student is a child with a disability, the school district may allow that additional modification to the extent necessary because of the student's disability if the group determines that the modification is consistent with both the student's educational development plan and the student's individualized education program.
- l) Additional modifications are allowed for transfer students who have completed two (2) years of high school.

## Early Graduation

Students who will have successfully completed graduation requirements after seven (7) semesters may petition to graduate. Applications should be submitted to the school administrator prior to November first of the student's seventh semester.

- 1) Early graduates must take **full responsibility** to arrange with the K-12 office for anything pertaining to the graduation ceremony (i.e. announcements, cap and gown, graduation practices).
- 2) Any student enrolled in an off-campus course to fulfill graduation requirements must show documentation of such course(s) by the last day of the seventh semester. Failure to produce this documentation will result in denial of the early graduation petition.
- 3) The student and a parent/guardian will schedule a conference with the school administrator before December first of the student's seventh semester. At the conference the student should be prepared to justify his/her request to graduate early.

## Enrolling and Withdrawing from School

In order to attend Stephenson Area Public Schools, you must live within the boundaries of the School District or be a *School of Choice* student. Information regarding these boundaries is available in the Office of the Superintendent. At the time of enrollment, you must provide proof of residency, proof of your birth date, and your immunization records. If you plan to withdraw from school, either to transfer to another school or to drop out, you should discuss your plans with a school administrator. You must have parent/guardian permission, and a withdrawal form must be completed if you wish to withdraw or transfer. A records request from your new school is acceptable for transfer students.

## CHAPTER 3 – STUDENT FEES & MEAL COSTS

### Fee, Charges, and Fines; Waiver of Student Fees

The school may establish fees and charges to cover the costs for certain extracurricular activities and project-oriented classes such as Welding, Woods, and Art. Materials for clubs, independent study, or special projects, as well as transportation costs and admission/participation fees for district-sponsored trips and activities may be included. Extracurricular activities for which fees are charged may not be used in determining credit or grades in any course. A fee shall not exceed the combined cost of the service(s) provided and/or materials used.

When school property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extracurricular offering, a fine may be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

A student whose parent/guardian is unable to afford these fees may request a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment. Fee waivers may be submitted by a parent/guardian of a student who has been assessed a fee. The school administrator will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions should be addressed to a school administrator. Payment plans may be used by the school administrator for fees that are not waived.

### School Breakfast and Lunch Program

Breakfast is served before school every day. Lunch is served every school day and these times may be adjusted on days with an early dismissal.

Breakfast and Lunch are free for all students.

Students may deposit lunch money for ala carte at the K-12 office before school. Students in grades 9-12 may leave school property during their assigned lunch. Students in grades K-8 will have closed campus (may not leave campus during their assigned lunch periods). Abuses of lunch privileges will result in loss of privileges and/or disciplinary action. Inappropriate cafeteria or downtown lunch behavior may result in loss of privileges, disciplinary action, and/or closed campus. ***Students are allowed to drive during their lunch period with a signed parental consent form and administrative approval. However, they are not permitted to have passengers in their vehicles. Violating this policy will result in the suspension of driving privileges.***

### Meal Charge Procedure

The purpose of these guidelines is to establish consistent meal account procedures throughout the district. Unpaid charges place a financial strain on the food service department. The goals of the guidelines are:

- 1) To treat all student with dignity in the serving line regarding meal accounts.
- 2) To support positive situations with district staff, district business policies students and parent/guardian to the maximum extent possible.
- 3) To establish guidelines that are age appropriate.
- 4) To encourage parents/guardians to assume the responsibility of meal payments and to promote self-responsibility of the student.

The Stephenson Area Public School District has a meal charge procedure that applies at all schools for students and staff. The District realizes that there are times when staff and students may forget their lunch money. To ensure that staff and students do not go hungry, but also to promote responsible staff, student and parent/guardian behavior and minimize the fiscal burden to the District, the Board of Education will allow staff and students who may forget meal money to charge the cost of meals up to \$10.00 negative to be paid back as soon as possible.

Food services is a special revenue fund which means it should not receive general fund support from the district, and thus must generate funds through meal sales, snack sales and Federal and State reimbursement in order to pay operating expenses and fees to the district. Therefore, unpaid charges affect the ability of Food Service to support itself and its employees.

Michigan Department of Education (MDE) and National School Lunch Program (NSLP) have provided schools with administrative guidelines and policies for meal charges. Following the administrative guidelines from MDE and NSLP, Stephenson Area Public Schools will adhere to the following meal charge policy:

- 1) A student cannot purchase extra servings, or any ala carte items with any negative balances. (This guideline applies to students of reduced status and full pay status at the Middle School and High School level only.)
- 2) The Food Service department will coordinate communications with the parent/guardian to resolve the matter of unpaid charges. Weekly phone calls are made to larger negative balances, so please make sure your phone number is up to date with the school. Emails are also sent weekly by our system that we use for our lunch program. Please make sure your email is up to date with the school. A student may be called down to the office to remind them that lunch money is needed.
- 3) All accounts must be settled at the end of a school year. Negative balances not paid in full before the start of the next school year will force the District to turn this negative fund in to collection agencies or small claims court. We don't want to resort to this, so please keep your account up to date. Seniors will need to have balances paid before their paper to graduate can be signed by the food service departments. Balance owed will follow the School Policy on Student Fees, Fines, and Charges and Demand for Payment.

## CHAPTER 4 – TRANSPORTATION & PARKING

Students are expected to follow all school rules when riding the school bus. A student may be suspended from riding the bus for engaging in disobedience or misconduct, including but not limited to, the following:

- 1) Violating any school rule or school district policy.
- 2) Willful injury or threat of injury to a bus driver or to another rider.
- 3) Willful and/or repeated defacement of the bus.
- 4) Repeated use of profanity
- 5) Repeated willful disobedience of a directive from a bus driver or other supervisor.
- 6) Such other behavior as the building administrator deems to threaten the safe operation of the bus and/or its occupants.

### Bus Transportation

The District provides bus transportation to and from school for all students. Parents/guardians must, at the beginning of the school year, indicate where a student is to be picked up, and where a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned.

Exceptions must be approved in advance by the building administrator, transportation supervisor, or designee.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the transportation director and/or a school administrator.

Parents/guardians will be informed of inappropriate student behavior on a bus that requires disciplinary action. Parents/guardians are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year. In the interest of the student's safety, students are expected to observe the following rules:

- 1) Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
- 2) Do not move from one seat to another while on the bus.
- 3) Keep all parts of the body and all objects inside the bus.
- 4) Loud conversation, singing, boisterous conduct, unnecessary noise, or profanity is not allowed.
- 5) Enter and exit the bus only when the bus is fully stopped
- 6) All school rules apply while on the bus, at a bus stop, or waiting for the bus.
- 7) Use emergency door only in an emergency.
- 8) In the event of emergency, stay on the bus and await instructions from the bus driver.
- 9) Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
- 10) Do not open windows during inclement weather (rain, cold, etc.).
- 11) Keep the bus neat and clean.
- 12) Athletic footwear equipped with cleats or spikes are not allowed to be worn on the bus.

- 13) Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
- 14) Be waiting at your bus stop five (5) minutes before pick-up time.
- 15) Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
- 16) Keep book bags, books, packages, coats, and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
- 17) Eating is not permitted on the bus.
- 18) Parents/legal guardians will be liable for any defacing or damage student do to the bus.

Video cameras and audio devices may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

Patrick Marciniak 906-753-2222, extension 113

### Parking

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware that their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

### **Students have no reasonable expectation of privacy in vehicles parked on or near school grounds.**

Lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces are subject to view by others. Based on the reasonable suspicion standard, vehicles parked on or within 1000 feet of school grounds may be subject to search. Prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school, as well as referral to law enforcement.

Vehicles **MAY NOT** be parked or located in the bus lanes or fire lanes at **ANY TIME**. Bus lanes and fire lanes are clearly marked. Vehicles **MAY NOT** be parked behind the school. Vehicles located in these locations may be ticketed and/or towed by the police. We have been notified by the City of Stephenson that parking on the south side of Division Street and in front of the Methodist Church will be limited to two (2) hours. The inset parking area on the north side of Division Street and the fenced in area behind the school is reserved for staff/administrative and visitor parking. Students should not park here or the visitor parking area on the west side of Railroad Street. Student parking is available along the east side of Railroad Street from the pole northward. Students are not to park in any areas designated as visitor or reserved parking.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

Law enforcement officials may be notified and involved in vehicle violations. Once students enter the building, students are not to return to any vehicles during the regular school hours of 7:50 AM-2:55 PM.

Students who forget an item in their vehicle that is pertinent for their education need to request permission from the office, and an administrator may need to escort said student to their vehicle to retrieve the desired item.

Going to vehicles or hanging out in vehicles or parking areas during lunch time is strictly prohibited.

Failure to comply shall result in disciplinary action including, but not limited to, loss of driving and parking privileges.

## CHAPTER 5 – HEALTH & SAFETY

### Immunizations

All students must be properly immunized at the time of registration or not later than the first day of school pursuant to Michigan Health Department regulations. A required vaccine may be waived or delayed with a written waiver from the health department in the following circumstances:

- 1) A valid medical contraindication exists to receiving the vaccine. The child’s physician must provide written certification of the contraindication.
- 2) The student’s parent/guardian holds religious or philosophical beliefs against receiving a vaccination. The parent/guardian must submit a written statement before a waiver is granted
- 3) The child has received at least one (1) dose of each immunizing agent and the next dose(s) are not due yet.

### Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student’s health and well-being. When a student’s licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “Medication Permission Form” which must be signed by both parent/guardian and licensed health care provider.

No school or district employee is allowed to administer to any student, or supervise a student’s self-administration of any prescription or non-prescription medication until a completed and signed “Medication Permission Form” is submitted by the student’s parent/guardian. This does not include the emergency administration of an epinephrine auto-injector (EpiPen®) by a trained school or district employee as provided under state law.

### Self-Administration of Medication

A student may possess an epinephrine auto-injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed a “Medication Permission Form” which must be signed by both parent/guardian and licensed health care provider. The school and district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student’s parent/guardian must agree to indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

### Guidance and Counseling

The school may provide a guidance and counseling program for students. For information on services offered contact a school administrator.

The Career Readiness program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. High school juniors and seniors have the opportunity to receive college, vocational, and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

## Safety Drill Procedures and Conduct

Safety drills will occur at times established by school administration. Students are required to be **silent** and shall comply with the directives of school officials during emergency drills. Each school shall conduct at least five (5) fire drills, two (2) tornado drills, and three (3) lock-down drills each school year. At least three (3) of the fire drills shall occur before December 1<sup>st</sup>. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students. Emergency procedures will be posted in each classroom. Students should not reenter the building until the “all-clear” signal is given. To leave school grounds during a drill is considered skipping.

## Communicable Diseases

The school will observe recommendations of the Michigan Department of Community/Public Health regarding communicable diseases.

- 1) The student’s parent/guardian is required to notify the school office if they suspect their child has a communicable disease.
- 2) In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent/guardian.
- 3) The school will provide written instructions to the parent/guardian regarding appropriate treatment for the communicable disease.
- 4) A student excluded because of a communicable disease will be permitted to return to school only when the parent/guardian provides the school a letter from the student’s doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

## Head Lice

The school will observe the following protocols regarding head lice.

- 1) The student’s parent/guardian is required to notify the school office if their child is suspected of having head lice.
- 2) Infested students will be sent home following notification to the parent/guardian.
- 3) The school will provide written instructions to the parent/guardian regarding appropriate treatment for the infestation.
- 4) **A student excluded because of head lice will be permitted to return to school only when the parent/guardian brings the student to school to be check by school personnel and the child is determined to be free of the head lice and eggs (nits). Infested children are prohibited from riding the bus to school to be check for head lice.**

## Concussions and Head Injuries

A student who exhibits signs, symptoms or behaviors consistent with a concussion (i.e. loss of consciousness, headache, dizziness, confusion, or balance problems), shall be immediately removed from physical participation and shall not return to the activity until he/she is evaluated by an appropriate licensed health professional who has the ability to recognize and treat concussions and receives written clearance to do so. Written medical clearance will then be maintained in the student’s CA-60 file until he/she is eighteen (18) years of age.

State law requires all Michigan schools to provide educational materials on the signs/symptoms and consequences of concussions to each student participating in an athletic activity (extra-curricular sports

and/or gym class) and their parents/guardians and to obtain a signed statement acknowledging receipt of the information to keep on record.

### **Emergency Medical Authorization**

The student's parent/guardian will be notified if their student needs medical attention while at school. In an emergency situation the child should be transported to the nearest medical facility able to render appropriate care, regardless of parental preference. Typically, this decision is made by an EMT (emergency medical technician) or another first responder. It is very important that the parent/guardian notifies the school of any demographic changes.

## CHAPTER 6 – DISCIPLINE & CONDUCT

### Discipline

Discipline is exercised by the school to assure that all students have the opportunity to learn in a safe and orderly environment. Also, learning to follow rules and procedures and interact with others in an appropriate manner is a part of the educational process. (See Board Policy 5600)

To help achieve these goals, the following disciplinary guidelines will be followed when a student violates the rules of the Stephenson Area Public Schools. Each repeated violation of rules will result in more severe disciplinary action. Depending upon the violation, disciplinary action may be a warning, detention time, suspension, loss of lunch hour privileges, removal from extracurricular activities and assemblies, or recommendation to the Board of Education for expulsion. Suspensions may be in-school or out-of-school depending on availability of in-school space and circumstances. The purpose of suspensions is to assure that other students have the opportunity to learn and to impress on the suspended student the serious nature of his/her behavior.

All school rules shall apply not only during the regular school day but also at all sponsored activities, including those at other venues, and whenever students are on school property. Discipline beyond the classroom level will normally be handled by a school administrator. After reviewing the incident and the student's explanation of his/her behavior, disciplinary action will be determined. Parents/guardians will be notified of disciplinary action that has been taken. A parent/guardian conference may be required for readmission to the classes when the problems are severe or persistent.

In cases involving 12<sup>th</sup> grade students who engage in persistent disobedience or gross misdemeanor, the administration may take away privileges specific to graduating seniors. Such privileges may include, but are not limited to, senior tea, commencement, graduation, and/or awards ceremonies.

The following is a general guide to the action that will be taken. Offenses that are not listed and other factors will be at the discretion of the administrator handling the situation. More severe action may be taken where the offense is very serious or the health and welfare of others is endangered. Willful abuse of school property, such as desks, lockers, doors, and bleachers, will result in disciplinary action. In cases of theft or vandalism the student will be required to make restitution. Where State or Federal laws have been violated, the law enforcement authorities may become involved. Detentions that are not served as assigned may result in suspension.

### Positive Behavioral Intervention System

Stephenson Area Public Schools has been building a tradition of excellence for many years. In an effort to continue and improve upon this tradition, we have adopted a Positive Behavioral Intervention System (PBIS) that establishes clear expectations for the way students will behave. These behaviors are directly taught to students and are then promoted throughout the daily activities and routines of the school. We believe that education cannot proceed without good discipline. It is the responsibility of the school, in cooperation with the home, to work in such a way that students learn to conduct themselves in a socially acceptable manner. We will see that the rules of discipline used are fair and reasonable. Detentions are used for the majority of everyday infractions. Students issued a detention usually serve it during their recess time.

## Student Conduct

We believe every person has the right to learn and work in a non-threatening environment. We expect a positive attitude and respectful behavior from everyone. Respectful behavior will be encouraged by:

- 1) Treating others as we want to be treated.
- 2) Accepting other's responses and ideas in class with an open mind and polite attention.
- 3) Practicing common courtesy and friendliness at all times.
- 4) Being cooperative, attentive and responsive to directions in class and in the halls. A sincere effort will be made by administrators and faculty members to resolve problems with the student and his/her parents/guardians. On those occasions where the severity and/or frequency of the offense warrants, a student will be subject to withholding of privileges, Saturday School, notification of law enforcement, and out-of-school suspension or expulsion.

## Prohibited Student Conduct

Students may be disciplined for misconduct, including but not limited to the following:

Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device or cellular telephone, commonly known as “sexting.” Unless otherwise banned under this policy or by the building administrator, all cellular phones, smartphones and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless:

The grounds for disciplinary action also apply whenever the student’s conduct is reasonable related to school or school activities, including but not limited to:

- 1) On, or within 1000 feet of, school grounds before, during, or after school hours or at any time;
- 2) Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
- 3) Traveling to or from school or a school activity, function, or event; or
- 4) Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonable be considered to:
  - a) Be a threat or an attempted intimidation of a staff member; or
  - b) Endanger the health or safety of students, staff, or school property.

### Student Discipline

The Board of Education is continually concerned about the safety and welfare of District students and staff and, therefore, will not tolerate behavior that creates an unsafe environment, a threat to safety or undue disruption of the educational environment.

The following list of disciplinary measures is a range of options that will not always be applicable in every case.

## Disciplinary Measures

Potential disciplinary measures include, without limitation, any of the following measures:

- 1) Notifying parents/guardians.
- 2) Disciplinary conference.
- 3) Withholding of privileges.
- 4) Temporary removal from the classroom.
- 5) Return of property or restitution for lost, stolen or damaged property.
- 6) In-school suspension.
- 7) After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure may be assigned to the student.)
- 8) Community service pre-approved by the building administrator.
- 9) Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
- 10) Suspension of bus riding privileges.
- 11) Suspension from school and all school activities for up to ten (10) days. A suspended student is prohibited from being on school grounds and property.
- 12) Expulsion from school and all school activities for a definite time period. An expelled student is prohibited from being on school grounds and property.
- 13) Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.

Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

## SAPS School Discipline

- 1) SAPS school students who attend school-sponsored activities before/after school hours, on or off-campus, and on school-provided transportation, are subject to the same rules that apply during the school day.
- 2) School officials will evaluate each situation and respond based on the information available. The "1310d seven factors" will be considered in each situation as mandated by state law. School officials will assign consequences based on their discretion for any violations.
- 3) Disciplinary action may advance with each violation.
- 4) **Students engaging in persistent disobedience may be subject to suspension or recommendation for expulsion.**

## Factors to Be Considered Before Suspending or Expelling a Student

Prior to suspending or expelling a student for any statutorily mandated reasons, except as noted below, the Board shall consider the following factors as outlined in MCL380.1310d:

- 1) The student's age
- 2) The student's disciplinary history
- 3) Whether the student has a disability
- 4) The seriousness of the violation or behavior
- 5) Whether the violation or behavior committed by the student threatened the safety of any student or staff member
- 6) Whether restorative practices will be used to address the violation or behavior
- 7) Whether a lesser intervention would properly address the violation or behavior.

The Board will exercise discretion over whether or not to suspend or expel a student for the statutorily mandated reasons. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the Board can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Board will still consider the factors.

A student may not be expelled or excluded from the regular school program based on pregnancy status.

**Exception:** If a student possesses a firearm in a weapon-free school zone, the student will be permanently expelled without considering the above factors, unless the student can establish mitigating factors by clear and convincing evidence.

In recognition of the negative impact on a student's education, the Board encourages the District's administrators to view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort, except where these disciplines are required by law. Alternatives to avoid or to improve undesirable behaviors should be explored when possible prior to implementing or requesting a suspension or expulsion.

### Snap Suspensions

A teacher is authorized to immediately cause the removal and suspension of a student from class, subject, or activity for up to one (1) school day when the student's behavior interferes with the teacher's ability to effectively teach or manage the class, subject, or activity.

- 1) A student removed from class shall not return to the class, subject, or activity from which the student was suspended until the passage of one full school day from the time of the student infraction, unless permitted by concurrence of both the teacher and the school administrator.
- 2) At the discretion of the school administrator, the student receiving a teacher-imposed suspension from a class, subject, or activity may be permitted to attend other classes, subjects, or activities if the student conduct does not qualify for multiple-day suspension or expulsion in accordance with the Student Code of Conduct.
- 3) All teacher-imposed suspensions shall be applied in a manner consistent with applicable student discipline procedures, as well as federal and state laws for students determined to be eligible for special education programs/services or reasonable accommodations of their disabilities.
- 4) Snap Suspension Procedures
  - a) The teacher shall immediately report the suspension and the reason for the suspension to the school administrator for appropriate action.

- b) The school shall notify the student's parents/guardians.
- c) The teacher shall arrange a conference with the student's parents/guardian as soon as possible to discuss the suspension.

### **Restorative Practices**

If the District determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

- 1) Are initiated by the victim;
- 2) Are approved by the victim's parent/guardian, if the victim is at least fifteen (15), by the victim;
- 3) Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team");
- 4) Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

### **Alternative Services**

An expelled or suspended student may be enrolled in an alternative education program or evening high school upon the Superintendent's recommendation and Board approval. Students who are expelled for dangerous weapons, arson, criminal sexual conduct or assault upon and employee, volunteer or contractor and are enrolled in a program operated for expelled students shall be physically separated at all times during the school day from the general student population.

The District may provide appropriate instructional services at home for an expelled student who is not placed in an alternative education program. The type of instructional services provided shall be similar to that provided to homebound or hospitalized students and shall be contracted for in the same manner.

Disabled students under IDEA or Section 504 shall be expelled only in accordance with Board Policy and Federal due process rights appropriate to these students.

### **Expulsions/Suspensions – Required by Statute**

For expulsions for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor, the Superintendent shall provide that the expulsion is duly noted in the student's record and that the student has been referred to the Department of Human Services or Mental Health Department within three (3) school days after the expulsion and the parents/guardians have been informed of the referral. Furthermore, the Superintendent shall ensure that, if a student who is expelled is below the age of sixteen (16), then notification of the expulsion shall be given to the Juvenile Division of the Probate Court. In compliance with Federal law, the Superintendent shall also refer any student, regardless of age, expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the District. In addition, the Superintendent shall ensure that a copy of this policy is sent to the State Department of Education as well as a description of the circumstances surrounding the expulsion of a student for possessing a firearm or weapon in a weapon-free school zone together with the

name of the school, the number of students so expelled, and the types of weapons that were brought into the weapon-free school zone.

A student who has been expelled under this policy for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may apply for reinstatement in accordance with the following guidelines:

- 1) If the student is in grade five (5) or below at the time of the expulsion and was expelled for possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, the adult student, or the emancipated minor may submit a request for reinstatement after sixty (60) school days from the date of expulsion, but the student may not be reinstated before ninety (90) school days from the expulsion date.
- 2) If the student is in grade five (5) or below at the time of the expulsion and was expelled for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, the adult student, or the emancipated minor may submit a request for reinstatement at any time, but the student may not be reinstated before ten (10) school days from the expulsion date.
- 3) If the student is in grade six (6) or above at the time of the expulsion, the parents, legal guardian, the adult student, or the emancipated minor may submit a request for reinstatement after 150 school days from the date of the expulsion, but the student may not be reinstated before 180 school days from the expulsion date.
- 4) The parent, adult student, or emancipated minor shall submit the request for reinstatement to the Superintendent.
- 5) The Superintendent shall, within ten (10) school days after receiving the request, submit the request, together with any other information he/she deems pertinent to the requested reinstatement, to a Board appointed committee consisting of two (2) Board members, a District administrator, a teacher, and a parent of a District student.
- 6) The committee shall, within ten (10) school days after being appointed, review all pertinent information, and submit its recommendation to the Board. The recommendation may be for unconditional reinstatement, conditional reinstatement, or non-reinstatement, based on the committee's consideration of:
  - a) The extent to which reinstatement would create a risk of harm to students or school personnel;
  - b) The extent to which reinstatement would create a risk of District or individual liability for the Board of District personnel;
  - c) The age and maturity of the student;
  - d) The student's school record before the expulsion incident;
  - e) The student's attitude concerning the expulsion incident;
  - f) The student's behavior since the expulsion and the prospects for remediation;
  - g) If the request was filed by a parent/guardian, the degree of cooperation and support the parent/guardian has provided and will provide if the student is reinstated, including, but not limited to the parent/guardian's receptiveness toward possible conditions placed on the reinstatement. Such conditions may, as an example, include a written agreement by the student and/or a parent/guardian who filed the reinstatement request to:
    - i) Abide by a behavior contract which may involve the student, his/her parents/guardian, and an outside agency;
    - ii) Participate in an anger management program or other counseling activities
    - iii) Cooperate in processing and discussing periodic progress reviews;
    - iv) Meet other conditions deemed appropriate by the committee
    - v) Accept the consequences for not fulfilling the agreed upon conditions.

The committee may also allow the parent/guardian, adult student, or emancipated minor to propose conditions as part of the request for reinstatement.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and not subject to appeal.

In the event a student who has been permanently expelled from another school district requests admission to this District, the Board shall, in making its decision:

- 1) Follow the same procedure it has established in paragraph 1-6 above for the reinstatement of a District student.
- 2) Rely upon the recommendation of the Superintendent.

Students expelled for reasons other than dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may also petition the Board for reinstatement. The Board may, at its discretion, consider the petition in accordance with the procedures set forth above.

The Superintendent shall ensure that Board policies and District guidelines regarding a student's rights to due process are adhered to when dealing with a possible suspension or expulsion under this policy.

For purposes of the policy, "suspension" shall be either short-term [not more than ten (10) days] or long-term suspension [for more than ten (10) days but less than permanent expulsion] of a student from a regular District program.

For the purposes of this policy, unless otherwise defined in Federal and/or State law, "expulsion" shall be the permanent exclusion of a student from the schools of this District. Students who are expelled permanently may petition for reinstatement only under the provisions stipulated above.

### **Corporal Punishment**

Corporal punishment is illegal and will not be used. Corporal punishment is defined as the deliberate infliction of physical pain by hitting, paddling, spanking, slapping, or any other physical force used as a means of discipline. Corporal punishment does not include physical pain caused by reasonable physical activities associated with athletic training. A school employee, contractor, or employee may use reasonable physical force as necessary to maintain order and control in a school or school-related setting for the purpose of providing an environment conducive to safety and learning and for the reasons otherwise specified by law.

### **Academic Dishonesty**

Cheating occurs when a student obtains, or assists others in obtaining credit for work that is not his/her own. Some examples of cheating, not limited to the following:

- 1) Copying from another student's test, homework, quizzes, project, assignment or take-home test.
- 2) Submitting another student's work as one's own
- 3) Providing other student with information regarding a test or quiz
- 4) Stealing copies of tests or answer keys
- 5) Plagiarizing without appropriate documentation
- 6) Changing answers on tests, assignments or projects after grading

  - b) Teachers need to ensure students understand the limitations of AI translations and verify the accuracy of translated materials.
- 4) Writing Assistance
  - a) AI/NLP tools may provide grammar and spelling corrections and suggest alternative word choices and sentence structures.
  - b) Students must demonstrate their understanding by submitting both the original and AI-assisted versions of their work.
  - c) Teachers should emphasize developing independent writing skills alongside using AI tools.
- 5) Accessibility
  - a) AI/NLP tools can support students with disabilities by providing text-to-speech, speech-to-text, or translation services.

## Audio – Visual Devices

- 1) All electronic devices must be put away in a locker or backpack, and turned off, upon entering the school building. Period.

- 7) Use of cell phones and audio-visual devices in the locker room or bathroom is prohibited at all times and may result in expulsion.

Note: There is no constitutional right to possess a cell phone in the classroom setting. If the parent/guardian does not wish for a phone to be confiscated, you have the simple alternative of not allowing your child to take the phone to school. (Ref. Laney V Farley MD Tenn 2006).

## Bullying, Intimidation & Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals. The district bullying policy is available online at [www.stephenson.k12.mi.us](http://www.stephenson.k12.mi.us) under the Parent Resource page. Printed copies can be made available upon request from the building administrator or secretary.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

- 1) During any school-sponsored education program or activity.
- 2) While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- 3) Through the transmission of information from a school computer, a school computer network or other similar electronic school equipment.
- 4) Through the transmission of information from a computer that is accessed at a non-school related location, activity, program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonable predicted to have the effect of one or more of the following:

- 1) Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- 2) Causing a substantially detrimental effect on the student's or students' physical or mental health;
- 3) Substantially interfering with the student's or students' academic performance; or
- 4) Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to any staff member or one of the building administrators. Anonymous reports are also accepted by phone call or in writing.

Report all bullying to:

Any student who is determined, after an investigation, to have engaged in intimidation or harassment will be subject to disciplinary consequences as provided in this handbook, including but not limited to, suspension and expulsion consistent with the school and district's discipline policy. Parents/guardians of students who have engaged in the above behavior will be notified. Any student making a knowingly false accusation regarding harassment may also be subject to disciplinary consequences. All incidences of bullying will be recorded in the student information system (PowerSchool) indicating the parties involved, resulting consequences, including discipline and referrals for annual reporting.

### Physical & Verbal Assault

The Board shall permanently expel a student in grade six (6) or above if that student commits physical assault at school against a District employee, volunteer, or contractor. The Board shall suspend or expel a student in grade six (6) or above for up to 180 school days if the student commits physical assault at school against another student. Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence." The Board shall suspend or expel a student in grade six or above and may discipline, suspend or expel a student in grade five (5) or below for a period of time as determined at the Board's discretion if the student commits verbal assault at school against a District employee, volunteer, or contractor or makes a bomb threat or similar threat directed at school building, property, or at a school-related activity. Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat. "At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.

### Hazing

Hazing activities of any type are inconsistent with the educational process, a violation of Michigan criminal law, and are prohibited at all times. Hazing means an intentional, knowing, or reckless act by a person acting alone or acting with others that is directed against an individual and that the person knew or should have known endangers the physical health or safety of the individual, and that is done for the purpose of pledging being initiated into, affiliating with, participating in, holding office in, or maintaining membership in any organization. Permission, consent, or assumption of risk by an individual subject to hazing does not lessen the prohibition.

## Weapons, Arson, and Criminal Sexual Conduct

In compliance with State and Federal law, the Board shall expel any student who possesses a dangerous weapon in a weapon-free school zone in violation of State law or commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation.

For purposes of this policy, a dangerous weapon is defined as “a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles” or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices. The term “firearm” is defined as: a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of the explosive; b) the frame or receiver of any such weapon; c) any firearm muffler or firearm silencer; or d) any destructive device. Such term does not include an antique firearm.

The Board need not expel for possession of a dangerous weapon if the student can establish in a clear and convincing manner to the satisfaction of the Board that:

- 1) The object or instrument was not possessed for use as a weapon, or for direct or indirect delivery to another person for use as a weapon;
- 2) The weapon was not knowingly possessed;
- 3) The student did not know or have reason to know that the object or instrument possessed constituted a dangerous weapon; or
- 4) The weapon was possessed at the suggestion, request, or direction of, or with the express permission of a District administrator or the police.

There is a **rebuttable presumption** that expulsion for possessing the weapon is not justified if the Board determines in writing that the student has established that he or she fits under one of the exceptions above by clear and convincing evidence, and that the student has no previous history of suspension or expulsion.

**\*\*The above exceptions will not apply to student misconduct involving sexual conduct or arson\*\***

## CHAPTER 7 – INTERNET, TECHNOLOGY & PUBLICATIONS

### Internet Acceptable Use

All use of the school district's electronic network must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

### Unacceptable Use

The user is responsible for his/her actions and activities involving the network.

Some examples of unacceptable uses are:

- 1) Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or Federal law;

- 13) Using the network while access privileges are suspended or revoked.

### Network Etiquette

The user is expected to abide by the generally accepted rules of network etiquette.

These include, but are not limited to, the following:

- 1) Be polite. Do not become abusive in messages to others.
- 2) Use appropriate language Do not swear, or use vulgarities or any other inappropriate language.
- 3) Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- 4) Recognize that electronic mail (e-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- 5) Do not use the network in any way that would disrupt its use by other users.
- 6) Consider all communications and information accessible via the network to be private property.
- 7) Users are responsible for obtaining permission from the network administrator before bringing in their own software and using it on school district equipment.

### No Warranties

The school district makes no warranties of any kind, whether expressed or implied, for the service it is providing. The school district is not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The school district specifically denies any responsibility for the accuracy or quality of information obtained through its services.

### Indemnification

The user agrees to indemnify the school district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school district relating to, or arising out of, any violation of these procedures.

### Security

Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or a school administrator. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Any user identified as a security risk may be denied access to the network.

### Vandalism

Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

### Copyright Web Publishing Rules

Copyright law prohibits the republishing of text or graphics found on the Web without express written permission.

- 1) For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
- 2) Students engaged in producing Web pages must provide library media specialists with the email or hard copy permissions before the Web pages are published. Printed evidence of the status of "Public domain" documents must be provided.
- 3) The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.
- 4) The "fair use" rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- 5) Student work may only be published if there is written permission from both the parent/guardian and student.

## Use of Electronic Mail

The Email system is owned and controlled by the school district. Email is provided to aid students in fulfilling their duties and responsibilities, and as an education tool.

- 1) The school district reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
- 2) Each person should use the same degree of care in drafting an e-mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
- 3) Electronic messages transmitted via the school district's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- 4) Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
- 5) Use of the District's email system constitutes consent to these regulations.

## Disciplinary Action

Users violating any of these rights and responsibilities will immediately be banned from using school district hardware and telecommunications software until a meeting is held with the network administrator and, if necessary, school administration. Depending upon the seriousness of the violation, the user may be banned from the use of technology and receive additional disciplinary action from the school district and/or criminal prosecution.

The use of the Internet and other technologies is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The network administrator will deem what is inappropriate and his/her decision is final. The administration, faculty, and staff of Stephenson Area Public Schools may request the network administrator to deny, revoke, or suspend specific user accounts.

## Reading Materials and Pocket Pagers

Pocket pagers or "Beepers" are banned from school under Michigan PA 215 of 1987. Reading materials brought to school must be appropriate to the classroom setting. Pornographic materials are prohibited. Pornography is defined as pictures, writing, or other material that is sexually explicit or equates sex with power and violence.

## Non-School-Sponsored publications and Websites

Students are prohibited from accessing and/or distributing at school any pictures, written material, or electronic material, including material from the Internet or from a blog, that:

- 1) Will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities;
- 2) Violates the rights of others, including but not limited to material that is libelous, invades the privacy of others, or infringes on a copyright;

- 3) Is socially inappropriate or inappropriate due to maturity level of the students including but not limited to material that is obscene, pornographic, or pervasively lewd and vulgar, or contains indecent and vulgar language; or
- 4) Is primarily intended for the immediate solicitation of funds.

The distribution of non-school-sponsored written material must occur at a time and place and in a manner that will not cause disruption, be coercive, or result in the perception that the distribution or the material is endorsed by the school district.

### **Guidelines for School-Sponsored Publication, Productions and Websites**

School-sponsored publications, productions and websites are governed by the Speech Rights of Student Journalist Act, school board policies and the student/parent handbook. Except as provided below, a student journalist has the right to exercise freedom of speech and of the press in school-sponsored media, including the right to determine the news, opinion, feature, and advertising content of school-sponsored media.

Student journalists are prohibited from using school-sponsored media in a way that:

- 1) Is libelous, slanderous, or obscene;
- 2) Constitutes an unwanted invasion of privacy;
- 3) Violates Federal or State law, including the constitutional rights of third parties; or
- 4) Incites students to
  - a) Commit an unlawful act
  - b) Violate any school district policy or student handbook procedure; or
  - c) Materially and substantially disrupt the orderly operations of the school

All school-sponsored media shall comply with the ethics and rules of responsible journalism. Text that fits into numbers one through four above will not be tolerated and school officials and student media advisors may edit or delete such material.

The author's name will accompany personal opinions and editorial statements. An opportunity for the expression of differing opinions from those published/produced will be provided within the same media.

No expression made by students in the exercise of freedom of speech or freedom of the press under this policy shall be deemed to be an expression of the school, school district or an expression of school board policy.

## CHAPTER 8 – SEARCH & SEIZURE

### Search and Seizure

In order to maintain order, safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

### School Property and Equipment, Personal Effects of Students

School authorities may inspect and search school property and equipment owned or controlled by the school (i.e. lockers, desks), as well as personal effects left in those locations by a student, without notice to or the consent of the student. **Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.**

The school administrator may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially-trained dogs.

### Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (e.g. purses, wallets, knapsacks, book bags, lunch boxes, cell phones) when there is a reasonable suspicion that the search will produce evidence that the particular student has violated or is violating either the law or the school district’s rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

### Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

## CHAPTER 9 – ATHLETICS & EXTRACURRICULAR ACTIVITIES

### Athletic Rules and Code of Conduct

The Athletic Code applies to all students who want to participate in sports and extracurricular organizations. This code applies in addition to other rules and regulations concerning student conduct and imposes additional requirements on student athletes (such as physicals).

Participation in all extracurricular activities is a privilege. Those who participate in them have a responsibility to favorably represent the school and community. Students are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in extracurricular activities may be lost in accordance with the terms of this Athletic Code. Specific incidents of behavior or academic problems not covered in the Athletic Code are subject to review and disciplinary action of the administration. The purpose of the Athletic Code is not to restrict freedom, but, instead, to encourage the students to practice and develop greater appreciation of the values associated with responsible behavior, healthful living and good citizenship.

### Enforcement and Consistency

It is the avowed purpose of the area staff to treat every alleged offense and offender as an individual and unique case, to act not in haste and to safeguard the rights and interest of every individual as well as the overall interest of the Athletic Code, squad, school and community.

### Coverage

- 1) Students will be governed by the Athletic Code in grades 6,7 and 8 from their first day of their first semester of involvement to completion of their sixth semester of junior high school.
- 2) All students entering Stephenson High School athletics will begin their school involvement by signing a new athletic policy. This will mean that the student will begin his/her involvement in high school athletics with a “clean slate”. If for some reason a member of the coaching staff or administrative staff questions a junior high school student’s past actions, there will be a meeting of that person(s) with the athletic director and a school administrator. If needed, an Athletic Council meeting may be called to settle any problems.
- 3) High school students, athletes, managers and cheerleaders are governed by the Athletic Code in grades 9-12 from their first day in their first semester of involvement to their last day their eighth semester of enrollment. This time period includes times off from school such as holiday breaks and summer vacation.
- 4) The rules, regulations and penalties as set forth in this document are meant to serve as a tool to be used to help student athletes. All coaches employed by Stephenson Area Public Schools are required to abide by these established rules.

### MHSAA

Eligibility for most athletics is also governed by the rules of the Michigan High School Association and, if applicable, these rules will apply in addition to this Athletic Code. In a case of a conflict between MHSAA and this Athletic Code, the most stringent rule will be enforced.

## Academic Eligibility

To participate in any athletic or extracurricular competition or event, a student must be passing all classes. Athletes will be permitted to practice during the period of scholastic ineligibility but not dress in the school uniform of their respective activity. A student who is ineligible, may not miss class time for those games/activities that require an early release from class.

## Initial Eligibility

- 1) Initial eligibility is based on the previous semester grades. (Fall sports = Semester 2 or the previous year, Winter sports – Quarter 1 and Spring sports = Semester 1 of the current year).
- 2) Students will be allowed to compete in games if they are passing all classes.
- 3) Students who are failing any semester courses will be ineligible for the first 50% of regular season games. Students who fail more than two (2) semester courses will be ineligible for sixty (60) scheduled school days per MHSAA Guidelines.

## Grade Checks

- 1) Grade checks will start the third Friday after the official start of practice and weekly thereafter.
- 2) If a student is failing any class, he/she will be ineligible to compete the following week.
- 3) The next Friday, his/her grades will be checked again. If his/her semester grade is 60% or above the athlete will be eligible the following week. If not, the athlete will be ineligible for another week.
- 4) Weekly grade checks will be made to monitor all students with any Fs and to implement personal student-achievement plans.
- 5) Semester 1 failures in any course will result in an immediate 50% of regular season games ineligibility period.

## Requirements for Participation in Sports

An athlete must have the following fully executed documents on file at the school office before the athlete's first participation in any activity. Students must not be allowed to practice until an acceptable signed statement of physical examination and consent has been provided.

Likewise, materials obtained from police agencies or other governmental sources will constitute a basis for action to be taken.

### Equal Access for Non-School Sponsored Student Clubs

A student-initiated group may meet on school premises during non-instructional time and shall have the same rights and access and be subject to the same administrative guidelines that govern the meetings of school-sponsored student organizations, without regard to the religious, political, philosophical, or other content of the activity.

A school administrator shall grant the group’s request by first determining that:

- 1) The activity has been initiated by students
- 2) Attendance at the meeting is voluntary
- 3) No agent or employee of the District will promote, lead, or participate in the meeting.
- 4) The meeting does not materially and substantially interfere with the orderly conduct of educational activities in the school.

## CHAPTER 10 – SPECIAL EDUCATION

### Education of Students with Disabilities

It is the intent of the school district to ensure that students who are disabled within the definition of the Individual with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973 (Section 504) are identified, evaluated, and provided with appropriate educational service. The school district provides a free appropriate public education in the least restrictive environment and necessary related services to all students with disabilities enrolled in the school. For the provision of special education programs and series under the IDEA, the term “student with a disability” means a person between ages three (3) and twenty-six (26) for whom it is determined that special education services are needed. A student who reaches age 26 after September first is a “student with a disability” and entitled to continue a special education program or service until the end of that school year. For the purposes of complying with Section 504, a “student with a disability” is a person who:

- 1) Has a physical or mental impairment, which substantially limits one (1) or more of such person’s major life activities;
- 2) Has a record of such an impairment; or
- 3) Is regarded as having such an impairment.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the school district office of the Menominee County Intermediate School website.

### Discipline of Students with Disabilities

The School District will comply with the Individual with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 when disciplining students with disabilities. Behavioral interventions will be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors.

## CHAPTER 11 – STUDENT RECORDS & PRIVACY

### Student Privacy Protections

#### **1) Surveys by Third Parties**

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey:

- b) Regardless of whether the student answering the question can be identified; and
- c) Regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their child to a third party may do so in writing to a school administrator.

#### **2) Surveys Requesting Personal Information**

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one (1) or more of the following items:

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

### Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

### Student Records

School student records are confidential and information from them will not be released other than as provided by law. The K-12 principal is the Records Control Officer for the Stephenson Area Public Schools and is responsible for the processing and maintenance of all student records. This office is located at Stephenson Area Public Schools or can be reached by calling 906-753-2222, extension 100.

A Federal law known as the "Family Educational Rights and Privacy Act" (FERPA) gives parents/guardians and eligible students (age 18 and older) the following rights with respect to their student records.

- 1) **Right to Inspect:** You have the right to inspect and review substantially all of your education records maintained by or at the school district. This right extends to the parent/guardian of a student under 18 years of age and to any student age 18 or older.
- 2) **Right to request amendment:** You have the right to seek to have corrected any parts of an education record which you believe to be inaccurate, misleading or otherwise in violation of your rights. This right includes the right to a hearing to present evidence that the record should be changed if a designated school official decides not to alter the education records according to your request. If no change is made to the education record after the hearing, you have a right to place a written rebuttal in the record.
- 3) **Right to prevent disclosure:** You have the right to prevent disclosure of education records to third parties with certain limited exceptions. It is the intent of the Board of Education to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA which allows disclosure without prior written consent.
- 4) **Right to complain:** You have the right to file a complaint with the U.S. Department of Education concerning the alleged failure of the school district to comply with FERPA. Your complaint should be directed to:

Family Policy and Compliance Office  
U.S. Department of Education  
600 Independence Ave, SW  
Washington, DC 20202-4605

- 5) **Right to obtain policy:** You have the right to obtain a copy of the policy adopted by the Board of Education in compliance with FERPA. A copy may be obtained in person or by mail from:

Susanne Carpenter  
Stephenson Area Public Schools  
W526 Division Street  
Stephenson, MI 49887

- 6) **Right to object to release of directory information:** Generally, school officials must have written permission from the parent/guardian of a student or an eligible student before releasing any information from a student's record. However, FERPA allows school districts to disclose, without consent, "directory" type information. The Board of Education of the Stephenson Area Public School has designated the following personally identifiable information contained in a student's education record as "directory information:"

*Name, address, and telephone number; date and place of birth; photograph; major field of study; participation in officially recognized activities and sports; height and weight if a member of an athletic team; date of attendance; date of graduation and awards received; and any other information the District considers would not be harmful or an invasion of privacy, if disclosed. (See Board Policy 8330)*

Unless you advise the school district that you do not want any or all of this information released, school officials may release personally identifiable information which it has designated as directory information. Upon such objection, this information will not be released without prior consent of the parent/guardian or eligible student.

- 7) You have two (2) weeks from the receipt of this notice to advise the school district in writing of any or all of those types of information about the student which you refuse to permit the school district to designate as directory information. Your objections should be addressed to:

Christian Londo, K-12 Principal  
Stephenson Area Public Schools  
W526 Division Street  
Stephenson, MI 49887

**Requests from Military or Institutions of Higher Learning**

Upon request, military recruiters and institutions of higher learning will be given access to student names, addresses and published telephone numbers. Parents/guardians who do not want their child's name to be released (or students over the age of 18 who do not want their name released) should contact a school administrator.

## CHAPTER 12 – PARENTAL RIGHT NOTIFICATIONS

### Standardized Testing

Students and parents/guardians should be aware that students in grades six through twelve will take standardized tests starting in April for approximately six (6) weeks. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents can assist their students to achieve their best performance by doing the following.

- 1) Encourage students to work hard and study throughout the year;
- 2) Ensure students get a good night's sleep the night before exams.
- 3) Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein.
- 4) Remind and emphasize for students the importance of good performance on standardized testing.
- 5) Ensure students are on time and prepared for test, with appropriate materials;
- 6) Teach students the importance of honesty and ethics during the performance of these and other tests;
- 7) Encourage students to relax on testing day.

### Sex Education

A student shall not be enrolled in a class in which the subjects of family planning or reproductive health are discussed unless the student's parent/guardian is notified in advance of the course and the content of the course, is given a prior opportunity to review the materials to be used in the course, and is notified in advance of his/her right to have the student excused from the class.

Upon the written request of a student or the student's parent/guardian, a student shall be excused without penalty or loss of academic credit, from attending a class in which sex education instruction is provided. "Class" means an instructional period of limited duration within a course of instruction and includes an assembly or small group presentation.

If a student's parent/guardian files with the school a continuing written notice that the pupil is to be excused from a class in which sex education instruction is provided, the student shall not be enrolled in such a class unless the parent/guardian submits a written authorization for that enrollment.

### English Learners

The school offers opportunities and support for English Learners to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain.

Parents/guardians of English Learners will be informed how they can:

- 1) Be involved in the education of their children; and
- 2) Be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students.

For question related to this program or to express input in the school's English Learners program, contact the K-12 school office at 906-753-2222 extension 100.

### Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined by law, or when a homeless child changes his or her temporary living arrangements, the parent/guardian of the homeless child has the option of either:

- 1) Continuing the child's education in the school of origin for as long as the child remains homeless, or if the child becomes permanently housed until the end of the academic year during which the housing is acquired; or
- 2) Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Assistance and support for homeless families includes:

- 1) Food bank and meal programs:
  - a) St. Vincent de Paul, 906-863-3405 extension 14
  - b) Mid-County Ministerium Food Band, 906-753-4932
- 2) Local service organizations

  - b) Precious Blood Catholic Church, 906-753-2562
- 3) Family shelters:
  - a) Abundant Life Church Missions, 906-424-4429
  - b) Rainbow House, 800-956-6656

### Parent/Guardian Involvement

Throughout the school year, opportunities are available for parent/guardian involvement. A school administrator will email parents/guardians about opportunities, and parents/guardians are also encouraged to call the office to inquire about opportunities.

In order for parents/guardians to be fully involved in the educational process, the school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/guardians will be given notice of meeting availability at the beginning of each year, and at least two (2) weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum and policy. The school provides parents/guardians with access to:

- 1) School performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
- 2) A description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
- 3) Opportunities for regular meetings to formulate suggestions, share experiences with other parents/guardians, and participate as appropriate in decisions relating to the education of their children if such parents/guardians so desire; and
- 4) Timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents/guardians assist us in meeting the goals of education set forth by the state, the federal government and ourselves.

In order to better assist in educating the students, we need the help of all parents/guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; and participating, as appropriate in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents/guardians. Questions about language alternatives should be directed to a school administrator at 906-753-2222, extension 100.

### Age of Majority

Although 18-year-old students are recognized as adults under the Age of Majority Act, school officials are nonetheless committed to the equal treatment in application of school policies and procedures to all students. Obtaining adult status does not exempt the student from school policies and rules. With the exceptions noted below, school district policies and procedures set forth apply to all students, regardless of their attainment of the age of majority. Students 18 years and older may:

- 1) Have the same privilege as their parents/guardians as it relates to access or control of their student records;
- 2) Represent themselves during disciplinary conferences and be the addressee for their grade reports;
- 3) Sign themselves in and out of school and may verify their own absences.  
NOTE: All attendance standards continue to apply. Parents still can be contacted in order to notify them of a student's absence;
- 4) Provide reason(s) for their absences and tardies, but are held to the same attendance requirements as other students, including the acceptable reason(s) for an excused absence.

The staff and administration of Stephenson Area Public Schools recognize that when a student reaches the age of majority, he/she is afforded all the rights and privileges of adulthood. This does not mean that provision has to be made for two (2) sets of rules (one for students under 18 and one for those who have reached the age of majority). In fact, the Michigan Legislature, recognizing the possibility of conflict between 18-year old students and school rules, has explicitly spelled out the rights of school by enacting a law which states:

It can be stated, unequivocally, that rules may be made by the state, local boards of education, teachers, and principals, and that these may be enforced reasonably against all who are in the school setting, below or above the age of 18 (eighteen).

#### **\*\* All School Rules Apply to All Students Regardless of Age \*\***

Eligible students who wish to assert these rights should register their intent on the appropriate form in the K-12 office. Proof of age of majority must be made by the driver's license or birth certificate.

Until such time as the eligible student registers this intent, school officials will not apply the above exceptions to school policies and procedures.

### Mandated Reporters

All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Michigan Family Independence Agency.

### Mental Health

Stephenson Area Public Schools is concerned about the mental health of our students. There is a school mental health counselor available for students. If you would like your child to speak with the counselor, please contact a school administrator to make arrangements.

### Pesticide Application Notice

The school district maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact:

Patrick Marciniak, Maintenance Supervisor  
W526 Division Street  
Stephenson, MI 49887  
906-753-2222 extension 113

Notification will be given before application of the pesticide. Prior notice is not required if there is imminent threat to health or property.
